

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Blalock Lumber Company with a mailing address of P. O. Box 4750, Sevierville, TN 37864. They seek to obtain an air contaminant permit (Division identification number: 78-0199-01/60212) for construction of a Concrete Batch Plant at 520 Rush Branch Road, Pigeon Forge, TN 37863. **[NOTE: This is the same operation for which a notice was published on September 21, 2006. In the previous notice, the location was given as 360 W. Mill Creek Road, Pigeon Forge, TN 37863. Only the location of the operation has been changed.]** The operation would consist of a concrete batch plant, silos, and associated equipment used to produce concrete ready mix. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. O. D. Jacobsen is the assigned Division person.

No alterations to the above are allowed:

Blalock Lumber Company must pay to place this advertisement in the newspaper.

Air Pollution Control must be furnished with one complete sheet from the newspaper showing this advertisement, the name of the newspaper and the date of publication.

Mail to Olga Jacobsen, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531

For the Sevier County "Mountain Press"--publish once as soon as possible.
